

EMPLOYEE ENGAGEMENT BOT

Humanized Automation to empower
hassled & understaffed HR teams
struggling in the Covid 19 world

NHANCE NOW

Pre Covid Era

Modern HR Heads aspired to build a productive company culture that accelerated growth and generated positive social buzz.

IMPLEMENT PROGRAMS TO LIFT PRODUCTIVITY

HIRE OUTSTANDING CANDIDATES

ANALYSE SENTIMENTS, IMPROVE WORKPLACE

GREAT COMMUNICATIONS WITH EMPLOYEES

Covid Era

Manage vast remote working teams, provide instant response to sudden influx of inbound queries and uplift and maintain employee morale.

Casualties

HR Service

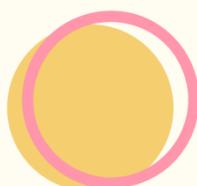

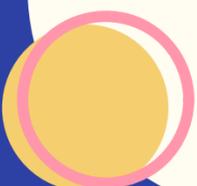

Erosion in quality as teams get overwhelmed with the influx of new challenges and old ones.

Productivity

Information vacuum and lack of engagement leading to employee anxiety.

Culture

Key strategic activities are either dropped or postponed due to lack of time.

Wishlist

Faster Query Handling

Instant response to the most pressing queries to calm anxious minds.

Frequent Engagement

In a remote work culture its impossible to engage 1-1 with employees regularly.

Maintain HR Services

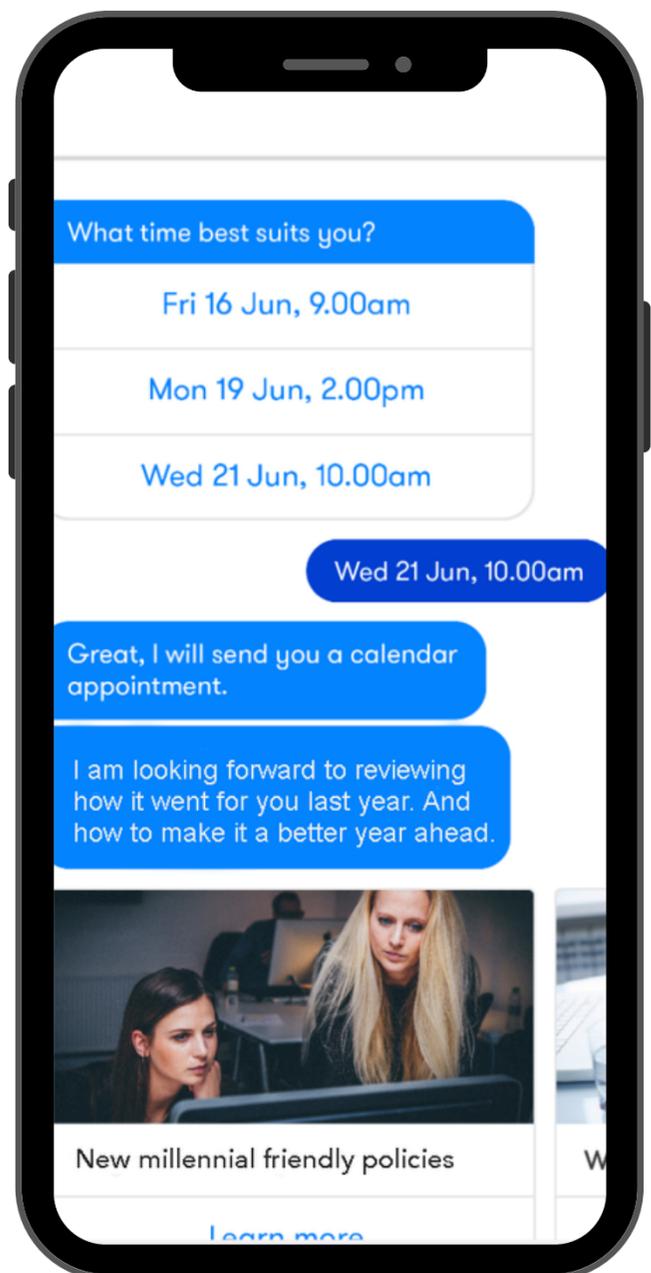

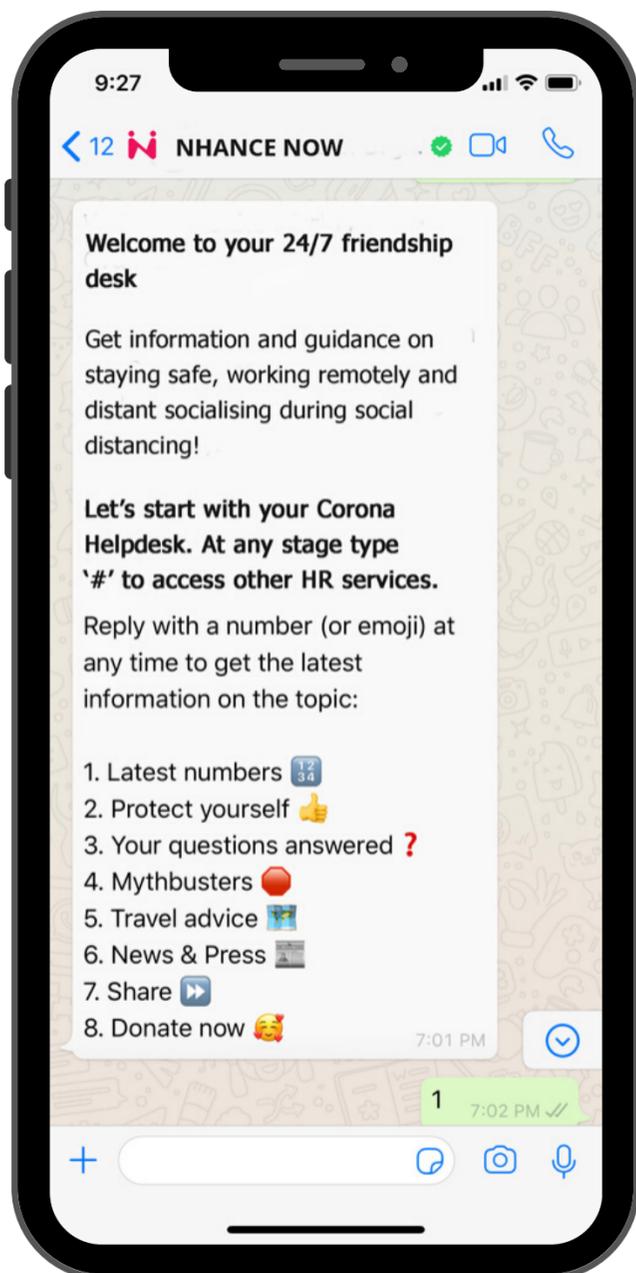

Keep the HR services going that produce better humans and delivery powerhouses.

Secret Weapon

**Self Service Bots on
WhatsApp and Messenger**
that automate employee engagement,
uplift service experience and free up
staff time.

Process

Quick, assisted account setup, personalised training, lifelong handholding, zero effort.

Information Broadcast

HR Transactions

Fun Activities

The Shift in behaviour that makes Bots critical in HR today

**The massive disruption to the
way we live and work, post
Covid-19**

**Workforce that has suddenly
discovered WFH and 100%
Digital Experiences**

**The massive load and backlog
● that HR teams are grappling
with that needs a Tech Stimulus
to handle and resolve**

Benefits

LESS ANXIETY
