

OUTREACH BOT

Change the way you connect
and promote yourself and your
business - in the new remote
world.

COVID-19 ERA

Outreach strategies have to be re-imagined for a world where travel and in-person meetings are off the table.

Your Outreach and Promotion Take a Hit

Meeting Fallout

Lack of F2F meetings prevents meaningful connections and deep relations.

Increased Load

Too much time spent replying to emails, improving multiple content and responding to messages.

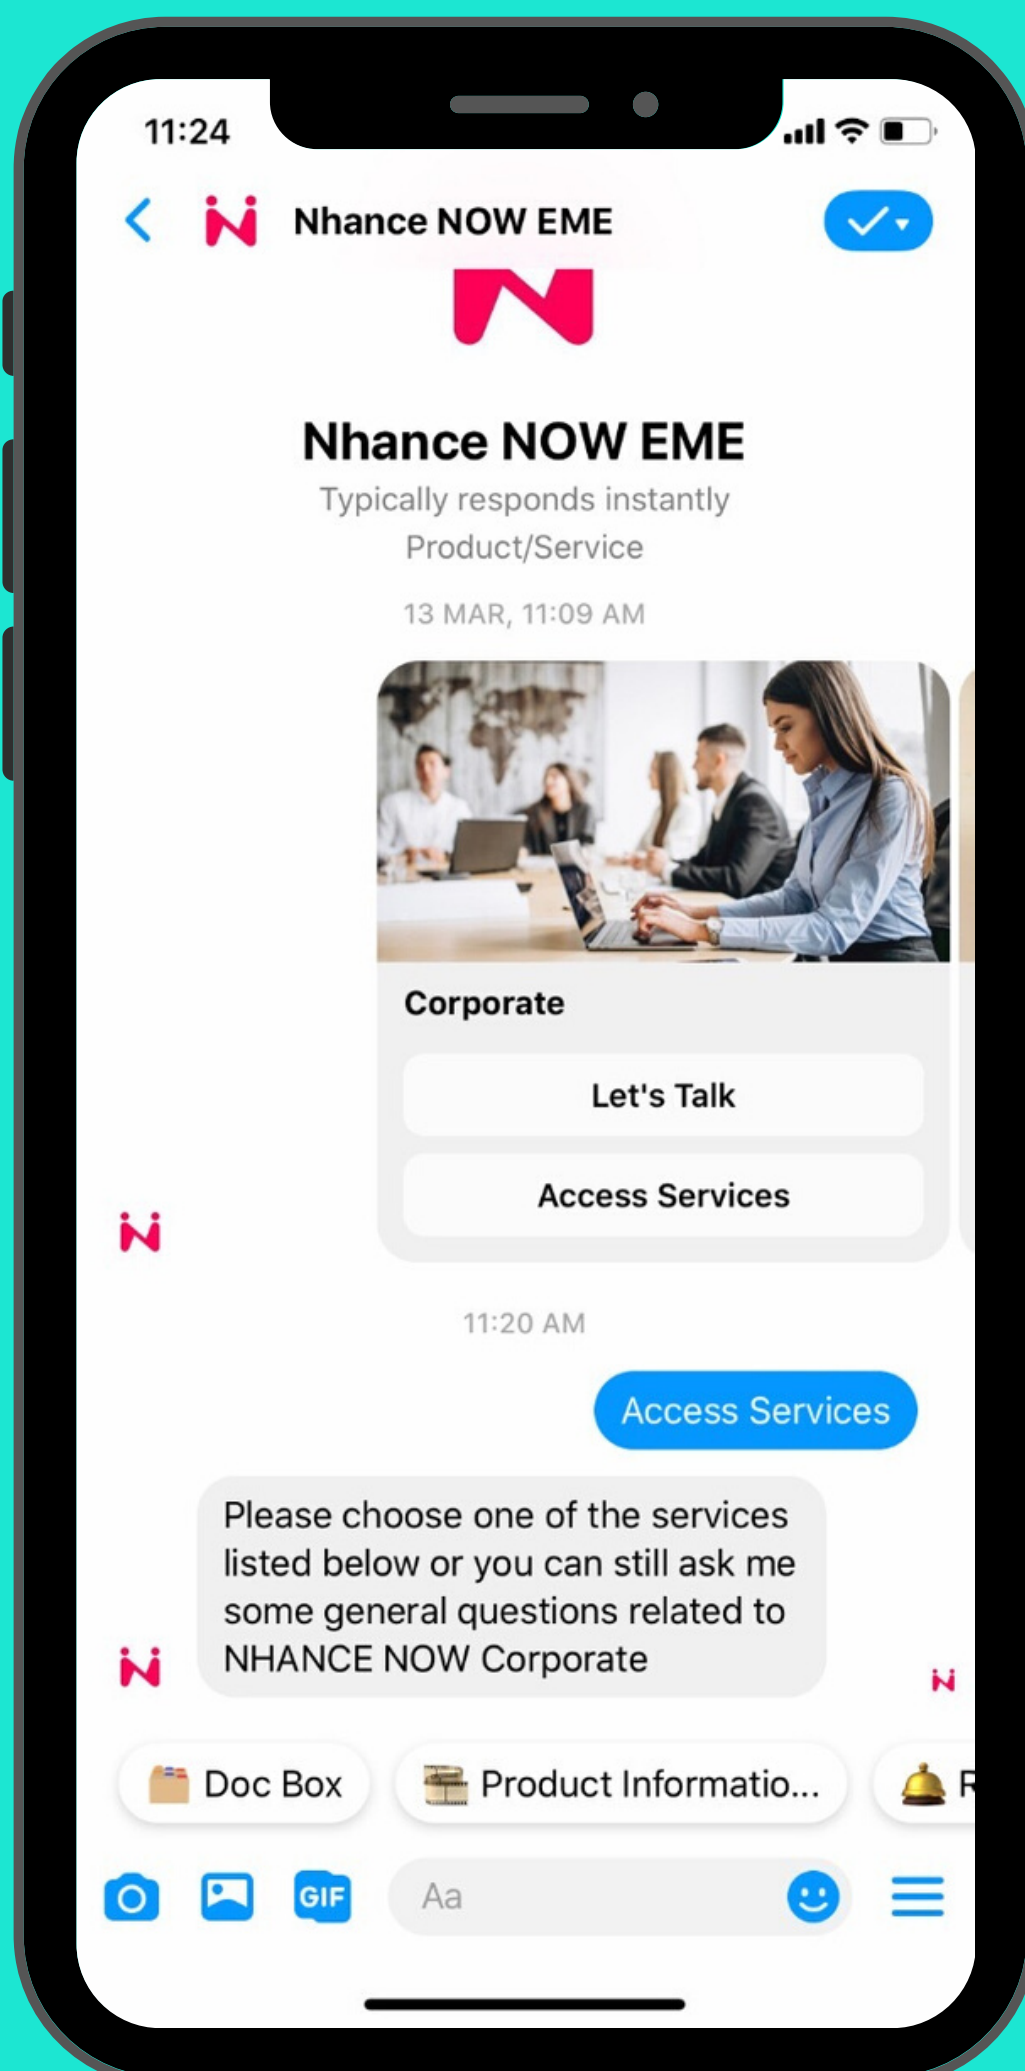

Dip in Numbers

Significant decrease in the number of contacts that you can engage with meaningfully, simultaneously.

Meet Outreach Bot

The closest that you can come to replacing yourself in front of your contacts.

Features

Here are a few activities that the Bot can do on your behalf with Conversational Engagement.

Provide Information

Provide company and product documents, show videos, answer FAQs and random questions from knowledgeable.

Schedule Meetings

Fix, re-schedule or cancel meetings and send reminders.

Lifecycle Messaging

Send contextual notifications, updates, share articles, send greetings and collect feedback.

HOW DOES IT HELP YOU?

Humanized Automation

Authentic, human-like conversations that mimic you with your contacts.

24/7 Cycles

Engages contacts round the clock with little or no need of manual intervention.

Reverses Disruption

Rapidly tide over the remote work challenges thrown up by the new world order.

It also helps you do more with less.

Single Point of Contact

Replace multiple assets like websites, brochures, decks with one easy to manage Bot.

Engage More Contacts

With the Bot handling routine tasks you can have more time to interact with key contacts.

Content Enrichment

With one channel to manage, you will have more quality in your content and messaging.

And its
super easy
to use.
